Ultimate Multi-Slide doors in Bronze

DOOR TERMS + DEFINITIONS

1. FRAME
The door frame includes the head jamb across the top, side jambs, and the sill at the bottom. Marvin frames are built strong to stand up to heavy door usage year after year.

2. STILES + RAILS
The horizontal wood members of a door are called rails; the vertical components are called stiles. With a traditional French door design, the bottom rail is about 8 inches high with 4 ¾ inch stiles and top rail. Doors with a more contemporary style often feature more glass with stiles and rails as sleek as 3 inches.

3. SILL
Our door sills are made of Ultrex®, our proprietary pultruded fiberglass that is exceptionally strong and virtually impervious to time, weather, and pressure. Ultrex door sills provide excellent performance in hot or cold climates, plus durability over the long haul by being resistant to warping, denting, and fading.

4. PANELS
In a door, the panel is the main section, operating or stationary, that is installed into the frame. Marvin doors come in many sizes, some of the industry's largest, but they all share the tight tolerances for fit and quality finishes.

DOOR-OPERATING STYLES

OUTSWING DOOR
Single or double swinging doors open to the exterior.

INSWING DOOR
Single or double swinging doors open to the interior.

SLIDING DOOR
Save space with a door panel that operates by sliding along a track.

BI-FOLD DOOR
This door folds open and closed like an accordion and can include up to 16 panels.

LIFT AND SLIDE DOOR
For openings as large as 48 feet wide and 12 feet high, substantial door panels fully open into pocket or stacked configurations.

MULTI-SLIDE DOOR
Another option to blend interior and outdoor living with a modular frame system.

MAKE EVERY ENTRANCE GRAND

Marvin doors are designed to maximize the potential of any opening, view, and living space.

Ultimate Bi-Fold doors

ULTIMATE

REDEFINING THE STANDARD

Our Ultimate product line unites beautiful design with exceptional craftsmanship. Add character to almost any space with our most extensive selection of shapes, styles, sizes, and options—including wood interiors protected by tough aluminum clad exteriors. With nearly limitless opportunities for customization, Ultimate can match your vision and give it room to grow.

VERTICAL PULL IN MATTE BLACK

ULTIMATE MULTI-SLIDE DOOR

Ultimate Multi-Slide door with Matte Black hardware

Ultimate Multi-Slide door with Satin Nickel hardware

ULTIMATE MULTI-SLIDE DOOR

The Ultimate Multi-Slide door is an ideal option to blend indoor and outdoor living, and the performance ratings of these doors match the exceptional views they frame. They're available in styles up to 6 panels uni-directional or 10 panels bi-parting. Both pocket and stacked designs are available with an optional scenic door Ultimate Sliding Screen.

INTERIOR

HARDWARE AND SILL FEATURES
Pull and latch hardware provides easy operation and squared-off corners for a clean, contemporary look.

Available with IZ3

DESIGN FLEXIBILITY
Available in pocket or stacked configurations for openings up to 56 feet wide and 12 feet high. Pocketing configuration shown above.

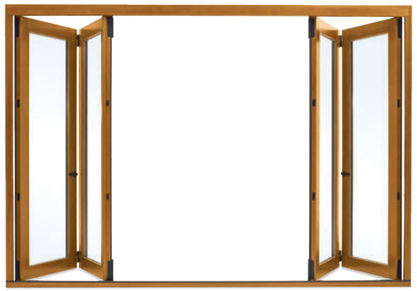
ULTIMATE BI-FOLD DOOR

Ultimate Bi-Fold door

Ultimate Double Hung and Picture windows with Bi-Fold and Inswing French Doors

ULTIMATE BI-FOLD DOOR

The Ultimate Bi-Fold door provides big glass and clean design aesthetics to give homeowners more flexibility and a deep indoor-outdoor connection. Spanning 55 feet in width, the Ultimate Bi-Fold door is one of the widest panel doors in the industry. Without question, the Bi-Fold door is a simple, elegant solution for adjoining interior spaces or connecting to the outdoors. Available with a wood or clad exterior.



INTERIOR

INTERIOR PANEL HANDLE

The interior panel handle features a minimalist design that smoothly operates folding panels with a 90-degree twist and latches at the head and sill.

Available with IZ3

ULTIMATE LIFT AND SLIDE DOOR

Ultimate Lift and Slide door in Honduran Mahogany with Satin Nickel hardware

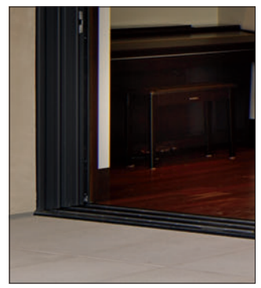
Ultimate Lift and Slide door in Honduran Mahogany

ULTIMATE LIFT AND SLIDE DOOR

With openings up to 48 feet wide and 12 feet high, now you can add acres to your floor plan. Available with pocketing panels that slide into the wall, completely disappearing from view, or stacked panels that slide and stack perfectly within the door frame for a seamless transition from inside to out. Both are available with exclusive flush-mount handles and exterior finger pulls that virtually disappear when not in use.

INTERIOR

HARDWARE OPTIONS
Available with exclusive flush-mount hardware, interior finger pull, and optional exterior finger pull.



POCKET AND STACKED CONFIGURATION
When open, panels either slide into the wall cavity or stack neatly. They glide on the inconspicuous 3⁄16 inch high exposed track.

ULTIMATE COMMERCIAL DOOR

Ultimate Commercial door

Ultimate Commercial door

ULTIMATE COMMERCIAL DOOR

The Ultimate Commercial door combines sophisticated design with the rugged durability to stand up to years of commercial use. Available in a wide variety of design and customization options, they're manufactured with different construction and assembly processes from our residential doors.

MODERN

MADE TO BE BUILT BIG AND PERFORM AT SCALE.

Marvin Modern brings exceptional design, performance, and customer experience together, creating a product line that meets the exacting principles and standards of true modern architecture. Innovative Marvin high-density fiberglass exteriors, leading thermal performance, consistent narrow sightlines, and a modular system all add up to the Modern product line—a seamless approach to modern design.

Modern Multi-Slide door

MODERN SWINGING DOOR

Modern Inswing door

Modern Outswing doors

MODERN SWINGING DOOR

The Modern Swinging door pairs pure modern aesthetic with category-leading performance for design flexibility to create with confidence. Available in inswing or outswing, our Modern Swinging Door is engineered with the same innovative modular system that allows Modern products to be joined together, making it possible to create large, floor-to-ceiling configurations without sacrificing thermal performance even in the harshest of climates.

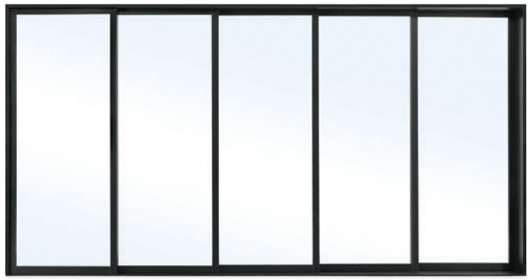
MODERN MULTI-SLIDE DOOR

Modern Multi-Slide door

Modern Multi-Slide door

MODERN MULTI-SLIDE DOOR

With the Marvin Modern Multi-Slide door, walls become an opportunity for expansive views and connection to the outdoors. Designed to perform beyond expectations, this sleek door offers numerous configurations for easy operation, impressive sizing, and strong thermal efficiency even in the most demanding climates.



INTERIOR

HARDWARE OPTIONS

Featuring a minimalist design, Modern door hardware maintains clean sightlines. A multi-point lock engages when the door is closed for a secure lock and tight seal. Choose from keyed or non-keyed and finger pulls for wall-pocketed units for access to panels when the door is open.

SILL OPTIONS

If a smooth transition from indoors to out or ADA compliance is important, a Flush Sill in weather-protected areas or a High Performance Sill rated and certified for performance when exposed to weather conditions is available. When a sill does not need to be recessed, our Performance Sill offers an ideal option.

ELEVATE

THE PERFECT BALANCE OF BEAUTY AND STRENGTH

Balancing beautiful design with superior strength, the Marvin Elevate collection delivers style in any climate. Elevate features warm wood interiors that can blend in or stand out, combined with Ultrex® fiberglass exteriors for lasting durability. The collection offers a range of carefully selected features and options, making it as versatile as it is elegant.

Elevate Bi-Fold Door in White

ELEVATE BI-FOLD DOOR

Reimagine how you live and entertain with Marvin's Elevate Bi-Fold Door. Effortlessly slide and stack the door open to frame your own scenic view and invite maximum airflow into your home. When completely closed, the Elevate Bi-Fold Door is designed with narrow profiles to fill your home with light. Only the Elevate Bi-Fold Door is built with Ultrex® fiberglass on the exterior for virtually no-maintenance performance, including rich wood featured on the interior. Options are available in configurations up to 7 panels and fits openings up to 22 feet wide by 8 feet high.

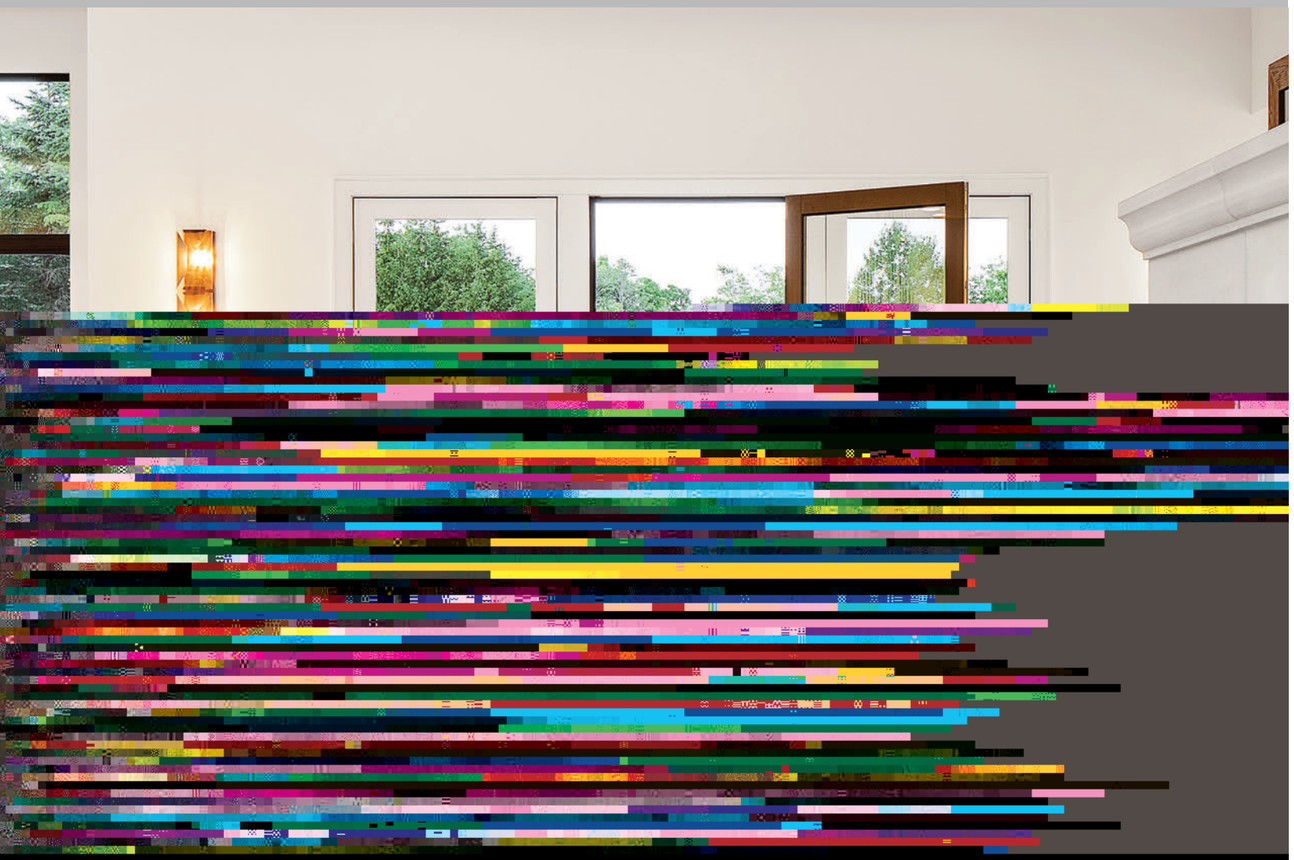
ELEVATE INSWING FRENCH DOOR



Elevate Inswing French door with Northfield handle in Matte Black

Elevate Inswing French doors in painted White

ELEVATE INSWING FRENCH DOOR

The Marvin Elevate Inswing French door offers tremendous versatility to create connections with exterior living spaces. The inswing motion is an ideal fit for doors that open over steps, those exposed to rain when open, and in climates prone to snow that would block use during the winter. Options are available with 1-, 2-, and 3-panel configurations up to 8 feet high with warm, stainable wood interiors and a virtually maintenance-free fiberglass exterior that stands up to the elements.
